

DCLI Board Meeting

Wednesday, September 15, 2021 7:00 PM via Zoom Meeting

Members Present: Les Isaksen, Tys Sniffen, Andrew Clark, Marco Volpe; Marc Marshall, Ginny Stone;
Members Absent: Mo Moscoe; Visitors: None.

The brief meeting was called to discuss the asphalt sealing project updates.

Tys obtained a quote for the pavement sealing. The square footage is for the new asphalt section to be sealed is 79,144 ft. It is not advisable to seal over the old and crumbling asphalt as the sealant will not stick. The sealing project would require hard road closures (for days) because the air temperature needs to be between 50 and 90 degrees to seal properly and be completely dry.

The estimate cost of this project is approximately \$20K and the work will commence sometime in 2022 (most likely after spring due to scheduling and weather concerns).

The board agreed with this proposal.

Submitted, January 12th, 2022 by Marco Volpe, DCLI Secretary.
