Clean rock from ditches on Sections 1,2, 6, 11 and 12 as funds are available.

Estimate \$1000 estimate. Scheduled for w/o 10/31

Successively completed Chipper Project. Need following info:

- The total number of household that participated
- The addresses of as many as possible (I don't disclose them, just need to estimate the total acreage impacted. This is estimated using the acreage of the property and any other properties that benefit (e.g. uphill from the property that did clearing)
- Total dollars spent clearing (this can be hours of in-kind labor or \$\$ that residents paid to have clearing done)  
(Need \$350 worth @ \$23/hr.....min 16 hrs.
- If you did road clearing, how many lineal feet and where on the road.

\* Depending on the availability of funds
